### *Soviet Article Says Jackson Sabotaged Moscow Talks*

MOSCOW, April 5 — The Soviet weekly Literary Gazette, in an article quoted today by the Tass news agency, sees Sen. Henry M. Jackson (D-Wash.) as the villain in last week's disruption of U.S.-Soviet talks on nuclear weapons controls.

The article said Jackson led "Hawks from the U.S. Congress, high-ranking officials from the Pentagon and the CIA, and the Washington lobbyists of arms manufacturers" who wanted the Moscow talks to fail.
